The stunning coral reef often featured in the media is Hardy Reef, a breathtaking part of the Great Barrier Reef located just off Hamilton Island. Within Hardy Reef, you'll find a heart-shaped ❤️ coral formation, a symbol of lasting love where couples can visit to create memories that will last forever.

Hamilton Island also offers the quickest access to the world-renowned Whitehaven Beach, rated number one on TripAdvisor's list of the world's best beaches. One island, one course with spectacular views - Hamilton Island Golf Club

Hamilton Island Golf Course was ranked in the Golf Digest Australia Top 100 for 2024/2025!

Designed by champion golfer, Peter Thomson, the par 71 championship Hamilton Island Golf Club on neighbouring Dent Island measures 6,120 metres (6692 yards). As the only championship island golf course in Australia, the course has been designed to challenge all levels of golf enthusiasts, from resort guests to professional golfers. The changes in course elevation, restricted landing areas and the ever present breezes provide a definite challenge from the back tees and enjoyable resort golf from the forward markers. The par 71, 18 hole course features two distinctly different nine hole circuits returning to a central clubhouse with panoramic views of Dent Passage and Hamilton Island. The outward nine holes are a more compact layout around the centre of the island and the inward nine are strung out along the ridges to the south. The island's natural and rugged beauty, together with its mountainous terrain affords stunning 360 degree views across secluded coves and beaches to adjacent passages and islands, and the mainland beyond.
